SUMMARY

A budding frontend developer with a desire for creating neat, responsive and interactive user experience products, interested in solving real life problems with code, bringing to full effect my creative and logical problem solving skills. I am a collaborative team player also capable of taking on tasks individually and delivering efficiently, I'm an adept learner open to opportunities to learn and improve skillsets.

EXPERIENCE

Frontend Developer Intern

June 2022 - Date

DEMLINKS Technologies, Ilorin, Kwara State.

- Attended development programs to gain competency and boost skills set.
- Troubleshoot and debugged code ensuring compatibility with devices, browsers and operating systems.
- Worked closely with teams on creating fully functional and scalable web applications.
- Wrote individual Frontend codes for responsive web apps
- Developed user interfaces with modern JavaScript, HTML5, CSS3 and VueJS.
- Collaborated with the design team to bring their designs to life, delivering pixel perfect UI with great UX for user's appraisal
- Delivered an Automobile repair web app with beautiful UI that offers an interactive and responsive user experience
