SUMMARY

Enthusiastic frontend developer with a strong focus on creating neat, responsive, and interactive user experiences. I strive to build products that not only provide seamless interactions but also simplify the lives of other developers who work with my code. With a collaborative mindset and a continuous drive for learning, I am eager to improve my skill set, gain valuable work experience, and make impactful technical contributions on a global scale.

EXPERIENCE

Frontend Developer   **May 2024 – Present**
MySpurr, Abuja, Abuja Federal Capital Territory
- Built HTML email templates
- Improved app responsiveness and cross
- Lead the development and integration of in-app messaging and events feature
